545 251 79 94

Science Teacher | English Translator (YDS Score: 90/100, 2025) | Technical General Specialist |
Cybersecurity and Automation Enthusiast | Virtualization – Scripting – GUI Design – Software Testing
| Sales Consultant | Technical Consultant | Video & Visual Design | HTML5, CSS, JS

I am seeking roles in:

Design, Consultancy and Representation, Entry-level Cybersecurity and Software positions, Training and Project-based roles, and Translation positions.

Experience & Work Ethic

(Exam documents, designs, and related visuals are available in my files.)

Official / Freelance / Personal Projects | 2015 – Present

- Provided private tutoring in Science and English, creating level-appropriate lesson plans and tailoring instruction based on student learning outcomes.
 - Conducted thesis research across 28 middle schools in Fethiye, Muğla. Took direct responsibility for full operational management including promotion, communication, coordination, field supervision, research execution, and data analysis.
 - Customized multiple Linux distributions (Debian-based, MX, Puppy, Fedora) for sandbox environments, legacy hardware testing, and performance optimization.
 - Translated two technical documentaries (each approximately 50 minutes) from English to Turkish with full subtitle synchronization; additionally localized over 20 smaller subtitle projects as personal work.
 - Created numerous HTML5 pages and repaired/improved dozens of static websites.
 - Developed four GUI-based programs in C++ with working front-end/back-end integration, focusing on user interface reliability, efficiency, and modularity.
-

Projects

Narrative Game (Ongoing)

Developed a story-driven game prototype using custom logic, original assets, and modular storytelling mechanics.

GUI Tools (C++-based languages)

Built multi-purpose GUI desktop automation tools combining search commands, audio controls, and shutdown triggers into intuitive interfaces.

Technical Subtitle Localization

Translated two scientific documentaries (Pluto's reclassification and Earth's magnetic field), handling terminology-heavy subtitle synchronization and linguistic accuracy.

Education

Mehmet Akif Ersoy University
Bachelor's Degree in Science Education
2010 – 2015

Mehmet Akif Ersoy University
Master's Degree in Science Education
2017 – 2021 (Research completed, thesis not defended)

Languages

- English: Expert Proficiency (YDS 90/100), 2025
 - Turkish: Native
 - German: Upper Beginner (A2, 100 hours formal study)
 - Japanese: Upper Beginner (A2, 150 hours informal study)
 - French: Beginner (A1 speaking, 50 hours informal study)
-

Certifications & Courses

- Google Information Technologies Seminar – Cloud & Security, 2025
 - Addiction Awareness Training – Izmir Gendarmerie, 2022
 - Stress & Emotion Management Seminar – KYK, 2021
 - Creative Process Seminar – Mehmet Akif Ersoy University, 2015
 - General Data Protection Regulation (GDPR) – EU Data Protection Rules, Alison, 2025
 - Elements of AI – University of Helsinki, Finland, 2026
 - Google Digital Marketing Fundamentals, 2026
-

Skills

Technical

- K-12 curriculum planning and instruction
- Research and data analysis
- English ↔ Turkish technical translation
- Linux customization (Debian, MX, Fedora, Puppy)
- Windows system modification
- Software testing and sandboxing
- Virtualization (VirtualBox / VMware)
- Computer security
- Software development
- Programming languages and GUI application development
- HTML5, CSS, JavaScript, WordPress
- Subtitle production and technical localization
- Adobe Acrobat Pro, DaVinci Resolve, Sony Vegas, FL Studio
- Microsoft Office (Word, Excel, PowerPoint)
- Troubleshooting, file recovery, PDF and media editing
- Game development and visual scripting
- Hardware assembly, troubleshooting, Windows modification
- Terminal-based tools and experimental distributions
- AI-based systems
- Video and visual content creation/editing
- Graphic design and illustration

Conceptual & Social

- Public speaking and presentation
- Leadership responsibility
- Adaptability
- Organizational skills
- Creative thinking and writing
